EDUCATION

University of Utah

Between March and August, completed an intensive course in full stack web development covering HTML, CSS, JavaScript, Bootstrap, jQuery and Node.js, receiving 100% in all assignments. Continuing the course, I will learn SQL, Express.js, and React.js, among others.

FreeCodeCamp

Learned the basics of CSS and HTML and the basics of JavaScript

Edith Cowan University

Completed 2 years of Bachelor of Speech Pathology. Deferred to move to the US, and pursue a career in web development.

Mindarie Senior College (High School)

High school diploma
